

The question of a person's political beliefs and party membership never was an issue in these free United States until the Russians, reviving Old Rome's dream of world conquest, began penetrating the peace-time organizations of other countries as well as our own.

We've always had radical groups in America, just as in England and France and other self-governing nations; and normally no one paid particular attention to their membership. It was assumed that most young men go through a period of radical thinking, but get over it by the time they are fully adult — and so the radical cells finally boil down to a hard residue of crack-pots who are noisy and troublesome but not normally dangerous.

All this has changed, however, when the usual democratic process of thinking and talking out loud was poisoned with Russian money and Russian agents. The word "Communist" altered its definition overnight from nuisance to treason.

Precisely when this happened it is hard to say. Soviet Russia began changing her face to old World War II allies soon after VE Day — and by the time fighting broke out in Korea Americans had a harsher way of handling them.

Still we have to know what was the heart of each accused American before passing judgment, for the Russian deception penetrated into the highest offices of our land.

My remarks today are leveled at a press account of the testimony of William T. Martin, distinguished Arkansasian, gave Wednesday in Washington before a hearing of the House Un-American Activities Committee. Martin, head of the Massachusetts Department of Technology, most famous engineering school in the world, told the congressmen that he once belonged to the Communist party but quit it in 1946 because he found it "boring and stupid."

Asked why there was so much secrecy about Communist party parleys Martin gave a frank answer:

"The secrecy was there when I joined. I just accepted it and didn't try to change it."

What we are hearing is an account of something that happened seven years ago. When Martin quit, in 1946, Russia was beginning to show the face of the enemy we now fully recognize.

The fact that he is a fellow Arkansian doesn't entitle Martin to any more charitable consideration than the next man, but his is a classic case which shows how time can make a clump out of smart guys as well as dumb ones. There was an era when talented Americans thought they had found something superior in the philosophy of the Communist party — only to wake up and find they had been taken for a dangerous ride.

But one thing you must say for Martin: He told the truth — when it hurt.

Third Dimension Movie to Play Here Next Week

Astonishing effects are promised audiences when Hollywood's newest innovation, 3-dimension, is unveiled in "A Day in the Country," a thrill-filled feature to be presented at the Saenger Theater next Wednesday and Thursday.

"3-D," as it has become known to the trade, is regarded as the most important cinema discovery of three decades. It adds depth to the normally flat images on the screen, causing audiences to gasp and duck at some of the hair-raising effects.

When seen in action, as in "A Day in the Country," the new process gives the illusion that people on the screen reach right down to the audience, while objects moving toward spectators at high speed make them duck in spontaneous reaction.

Central Committee Sets Fees for Elections

A subcommittee of the Hempstead Democratic Central Committee met here today and fixed fees for candidates and decided how much each town would have to pay to the committee for holding an election.

Candidates for Mayor of Hope will have to pay \$450 without opposition and \$250 with; Treasurer \$25 without and \$75 with; Aldermen \$50 without and \$40 with.

For the various towns the group decided to charge Belvins and Fulton \$75 each; Washington, Ozan and McCaskill and Oakhaven \$50 each.

WASHINGTON — The comptroller of the currency today issued a call for a statement of the condition of all national banks at the close of business Monday, April 20.

Interior Dept. Funds Sliced by \$202 Million

WASHINGTON (UP) — The House Appropriations Committee today whacked \$202,000,000 off a \$607,000,000 Interior Department appropriation bill recommended by former President Truman.

The committee recommended a 404,862,239 for interior agencies, which also was some \$80,000,000 less than the new administration had asked for the department in the coming fiscal year.

Thick cuts amounted to a 36 percent reduction in the Truman figures and 10 percent in a recommendation Interior Secretary Douglas McKay made recently. McKay asked for \$484,363,200.

Nearly half the total cut from the Truman figures, if the committee recommendations are followed, will be borne by the Bureau of Reclamation. And within the bureau, the committee bore down hardest on power plant and electric transmission line proposals.

Committee approval of the Interior Department money bill came on the heels of House approval yesterday of the first fiscal 1954 money bill. This measure carried \$451,020,493 for 23 independent agencies and was 61 percent below the Truman administration request of \$1,172,444,190. It was almost 50 percent below the revised request for about \$900,000,000.

In the interior bill, the committee allowed \$133,000,000 for reclamation, compared with \$132,188,000 recommended by Truman and \$177,000,000 asked by McKay.

The committee eliminated all money for "new starts" on transmission lines in the Missouri Basin amounting to nearly \$2,000,000. A Truman request of \$100,350,000 for the Bureau of Indian Affairs was cut to \$83,369,000 by the committee.

Francis Named Secretary by Cherry

LITTLE ROCK (UP) — Former Newspaperman Ken Francis has been named executive secretary to Gov. Francis Cherry. The governor today appointed Eugene Baker, chief deputy secretary of state, to succeed Francis as a gubernatorial administrative assistant.

Francis' promotion to the top job on the governor's staff was announced yesterday. The appointment of Baker rounds out the governor's staff for the first time since the Legislature adjourned last month.

Baker is a veteran of state government service. The Jackson County native served four terms in the Legislature, two in the House and two in the Senate.

After a 3-year hitch in the Army, Baker took the job of director of the Board of Pardons and Pardoners under former Gov. Ben Laney. A year later, he became chairman of the Board of Review, also under Laney. His next job was chief assistant to Secretary of State C. G. Hall, a post he has held for the past four years.

LITTLE ROCK (UP) — Ken Francis, a former political reporter for a local newspaper, today assumed the post of executive secretary to Gov. Francis Cherry.

Cherry announced the appointment yesterday, elevating Francis from the position of administrative aid. Francis was appointed as an aide when Cherry was inaugurated last Jan. 12.

The U. S. Bureau of Mines estimates it has saved nearly 700 million dollars' worth of coal by controlling fires in inactive deposits.

The Wife's Foreign Policy Always Begins at Home and in Terms of Her Husband

By HAL BOYLE

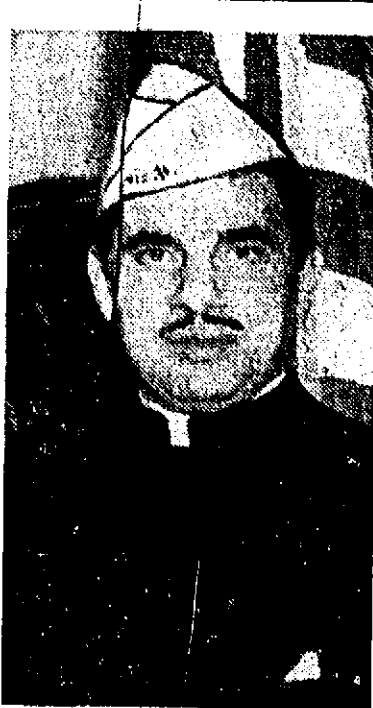

NEW YORK (UP) — It used to be hard to get along with a wife. Bless the Russians, that has all been changed—maybe.

All you have to do to get along with a wife now is to give the external evidence of listening to her. Times have changed. It used to be after a husband returned from an evening of reckless adventure, he'd have to explain where he'd been.

That has all gone by the board—maybe.

A wife today—it says right here in bold English and non-truthful grammar—has a different view. She inquires where the world has gone during your rest period.

I find this only slightly harder to explain than where I have been the night before. But you have to

No Compromise on Tidelands Bill Is Likely

By HARRISON B. HUMPHRIES

WASHINGTON (UP) — Threat of round-the-clock Senate sessions next week failed today to produce any agreement to limit debate on a bill to establish state ownership of offshore submerged lands rich in oil.

One Democratic leader who has been pushing for passage of the bill said, "There will be no compromise — not when we've got 60 certain votes." He asked that his name not be used.

His 60-vote estimate agreed with that of Republican Leader Taft of Ohio. Taft said he couldn't be sure, however, that all senators supporting the bill would be present when the vote is taken.

Absenteeism played a part in Taft's reversal of a decision to force a test vote last night. He said five senators out of town protested and three or four supporters of the bill suggested more time allowed for debate.

Taft says he will move to kill a substitute by Sen. Anderson (D-N) which would establish federal control of the submerged lands.

Taft, after twice changing signals yesterday, said he will make his motion Monday. It would cut off debate temporarily, forcing an immediate vote on Anderson's proposal. Taft said he will withhold it if an agreement has been reached by Monday to curb debate or fix a time for voting.

That condition was also attached to the decision of the Senate GOP Policy Committee to hold 24-hour sessions beginning Monday. Today is the 10th day of debate on the measure.

Taft concedes that a vote on the Anderson amendment would not shut off debate on the bill itself. He says his purpose is to show how the Senate is divided.

Sen. Humphrey (D-Minn) spoke seven hours yesterday and retained the floor overnight under an agreement that he complete his speech in another hour and a half today.

Humphrey said President Eisenhower might veto the state ownership bill because of ppyvisions conflicting with the views of the State, Justice and Interior Departments or recognition of state boundaries claimed by Texas and Florida in excess of three miles offshore.

Original music for the picture was composed by Cindy Walker, called the "true queen of western song writers," and Redd Harper. Several of the songs from "Mr. Texas" have appeared recently on records, and complete albums are available.

In several cities where the film has been shown it has been necessary to schedule two and three showings per night, and often more. Here, the picture will be shown at the First Baptist Church, Sunday evening at 7:30.

No charge for admission is made for "Mr. Texas."

Communists Pin Down French in Indochina

HA NOI, Indo-China, (UP) — Two Vietnamese Communist divisions pinned down outnumbered French troops in an artillery-and-mortar duel today while two more enemy columns raced westward in the Red invasion sweep of little Laos kingdom.

The court of Laotian King Sisavang Vong was reported preparing to evacuate the royal capital city of Luang Prabang.

The crack Vietnamese 304th divisions holding the board, strategic Jarras Plains about 80 miles southeast of Luang Prabang.

The besieged French forces—including foreign legionnaires and "red beret" paratroopers—were replying with field guns.

Another battle was reported at Muong Khoua, 25 miles below the northern Laos frontier, where French and irregular troops entrenched themselves after withdrawing from frontier posts when the Red invasion began 12 days ago.

Luang Prabang, defended only by a garrison of Laotian infantrymen, was threatened by Vietnamese columns moving rapidly from the north and west.

The seven French battalions defending the Jarras plain have dug in for a "fight to the last man" to save the ancient kingdom which is one of three associated states of Indo-China.

Western Movie on Religion to Show Here

"Mr. Texas," called "the world's first Christian western" will be shown here Sunday night at 7:30 o'clock, in the First Baptist Church. The film is the first major production of Billy Graham Evangelistic Films, Inc., and features the famed young evangelist and his entire evangelistic team.

Playing leading roles in the full-length-color picture are Redd Harper and Cindy Walker, both professional western stars who have recently made their decision to give their lives and talents to Christian service.

Produced as an experiment, "Mr. Texas" has amazed religious leaders during its first year of showings. At the film's preview in Hollywood Bowl on October 1, 1951, a record throng of 25,000 persons jammed into the huge amphitheater for the largest attendance any motion picture has ever had in this country.

During the past year of showings an estimated 3,000,000 persons have seen the film. From this number of viewers, some 85,000 have made decisions to accept the Christian way of life, according to records on file in the Graham film organization's Washington, D. C., office. Both figures indicate new highs in evangelistic circles—3,000,000 is the largest number ever to see a Gospel film in one year, and the 85,000 decisions represent the largest single evangelistic effort during recent years.

The story revolves around the Billy Graham Crusade in Will Rogers Coliseum in Fort Worth, Texas as one year ago. To produce the film, an entire motion picture company moved from Hollywood to Texas and made all the Texas scenes in the vicinity of Fort Worth.

The rodeo scenes, some of the most beautiful color photography being seen today, were made at Hardin Simmons University, and features the world champion Mayo Rodeo Riders, together with the famous Hardin Simmons Cowboy Band.

Original music for the picture was composed by Cindy Walker, called the "true queen of western song writers," and Redd Harper. Several of the songs from "Mr. Texas" have appeared recently on records, and complete albums are available.

In several cities where the film has been shown it has been necessary to schedule two and three showings per night, and often more. Here, the picture will be shown at the First Baptist Church, Sunday evening at 7:30.

NATO Could Cope With Attack

By ERNEST B. VACCARO

WASHINGTON (UP) — Congress was told today that Western military forces in Europe "probably" could cope with any surprise Russian attack but lack the resources to meet long-range requirements.

This testimony came from Gen. Alfred M. Gruenther, chief of staff to Gen. Matthew B. Ridgway at supreme Allied headquarters in Europe. Given at a closed session of the Senate Foreign Relations Committee April 1, it was made public today coincident with Secretary of State Dulles' attendance at the North Atlantic Council meeting in Paris considering future plans for the building up of NATO's defense force.

Gruenther asserted NATO's situation was "vastly improved" over what it was at the start two years ago when its leaders worried "we might wake up some morning and find the whole Soviet and satellite force just pouring through, with warning that was no more than a matter of minutes."

He cautioned against cutting foreign aid so drastically that the French and other allies might fear "we are getting ready to pull out of European defense."

Willing to Try Anything, President Says

WASHINGTON (UP) — President Eisenhower said today he is ready to do anything and confer anywhere to bring about peace in Korea.

The President told a news conference, however, that like everyone else he is simply waiting now to see how developments go in Korea.

His statements were in response to a question as to whether he felt the chances are good for a prompt truce in Korea.

In reply to another question, the President said he has had no reaction from the Kremlin to the world peace and disarmament plan he set forth a week ago.

He said the government is studying and analyzing the prisoner exchange situation, and that obviously, from news stories of atrocities, something is wrong.

He added that he as yet has no full and complete report on the matter and so can't determine what the actual facts are.

On other matters, the President:

1. Said he is confident defense spending will be cut for the fiscal year starting July 1, but that he is not ready to estimate how much the saving will be.

2. Announced that the National Security Council has advised him it would be advantageous to national security for the United States to participate in construction of the St. Lawrence Seaway. He said the council has made no recommendation yet as to the extent of American participation.

3. Said he believes it would have been wise for the House to vote funds to continue the administration program for starting 35,000 public housing units. The House voted yesterday to end the program. Eisenhower said, however, he does not feel that House members who joined in the vote against funds for public housing were defying him.

4. Said he and other administration officials are studying plans for reorganization of both the State and Defense Departments. The plan will be sent to Congress soon.

UN Likely to Charge Chinese With Cheating on Prisoner Agreement

Bad Faith by Reds Seen as Truce Talk Bar

By CHARLES W. CORDRY
WASHINGTON (UP) — Hope for successful Korean armistice talks darkened today amid accumulating reports of Communist atrocities and apparent bad faith in the Panmunjom prisoner exchanges.

Some of the taint of bad faith was rubbed off the Reds late last night when they revealed they will return more than the 605 sick and wounded men — including 120 Americans — which they originally promised.

But this alone was not enough to restore the optimism regarding a truce that prevailed before the

LITTLE ROCK (UP) — The body of a Little Rock man, anchored by a 65-pound block of concrete was found today in the Arkansas River here.

Coroner Howard A. Dishonah said Floyd Lord, about 40, took his own life.

Lord's body was found by Fisherman Shelby Bledsoe about 7 a.m. near the old waterworks pumping station off State Highway 10. Police said the body was about 10 feet from the bank and emerged in five foot of water. The concrete was wired around Lord's neck, officers said.

Sgt. Mitchell Allen of the Pulaski County Homicide Squad said only one set of footprints led down to the bank near the point where Lord was found.

Allen said that Lord had been missing from his home since yesterday morning, and that a member of the dead man's family said he had attempted suicide before.

The concrete block apparently came from the river bank, said Allen. Several similar blocks have been placed along the bank there to prevent the soil from washing away.

AMA Investigating Malpractice

LITTLE ROCK — An American Medical Association investigation has been looking into "certain undesirable medical practices" in Arkansas.

The Arkansas Medical Society was told yesterday by the investigator and that there was "at least one instance of serious malpractice going on in the state." Details of the malpractice were not disclosed.

Don't Relax Rearing, Ike Warns NATO

PARIS (UP) — President Eisenhower warned America's allies in the North Atlantic Alliance today not to relax their rearming because of the Russian peace campaign — that "until the conditions for genuine peace have been firmly established, it would be foolhardy for us to delude ourselves about the dangers confronting us."

U. S. Secretary of State John Foster Dulles read the President's message to the opening session here of a three-day meeting of the 14-nation NATO council of ministers.

First action of the session was the signing of contracts totaling 550 million dollars for European airplanes to fortify Western defense. Charles E. Wilson, U. S. Defense Secretary here for the NATO meeting, halted the signing as an example of NATO cooperation which will "provide essential military equipment and at the same time serve as economic aid" to the countries producing the planes — Britain, France, Belgium, The Netherlands and Italy.

The final decision whether the formal protest will be made, an authoritative source said, will depend upon the extent to which the Reds increase the number of men returned.

The Red announcement immediately raised cautious hopes that the number would be substantial. The Reds said they were returning "all" sick and wounded in their prison camps and also would return men "recently captured at the front."

Germ War May End UN Sessions

By STANLEY JOHNSON
UNITED NATIONS, N.Y., (UP) — The U.N. General Assembly was scheduled to wind up its storm-tossed seventh session today with bitter debate on the subject which has dominated its meetings — Korea.

Up for final approval was an American demand — strongly opposed by the Soviet bloc — for an impartial U.N. investigation of Red charges that U.S. troops waged germ warfare in Korea and China.

The Assembly's 60-nation Political Committee already has approved the inquiry and the U.N. budget group has appropriated 65,500 to finance it.

The Political Committee finished its work last night in a welter of good feeling and self-congratulation. Even Chief Soviet Delegate Andrei Y. Vishinsky praised Chairman Joao Carlos Muniz of Brazil and the "spring temper" of the U.N. these days.

The committee's last work was to endorse without dissent a request for all countries to help get 12,000 Chinese Nationalist guerrillas off Burmese soil. The U.S. has offered to take the lead and the Assembly was to endorse the committee's stand today.

However, Rep. W. Sterling Cole (R-N.Y.), chairman of the Senate House Atomic Energy Committee, said in a separate interview the extent of reductions has not been finally decided. He said the Truman budget for atomic energy is still under review by the Budget Bureau.

He expressed belief the Eisenhower administration "will not touch the heart" of the program because, he said, it is "convinced of the importance of expanding it."

Asks Funds to Speed TV Applications

By JOE HALL

WASHINGTON (AP) — Sen. Edwin C. Johnson (D-Colo.) said today many U. S. cities will wait five years for television unless Congress sharply increases funds for processing applications for TV stations.

He invited his Senate colleagues by letter to join in a drive to give the Federal Communications Commission (FCC) an extra \$1,000,000 instead of the \$435,000 boost now proposed, to clear up the TV backlog by the middle of next year. Some senators immediately said they would help. Most members of Congress have been under pressure from their home areas to try to speed up action on TV applications.

The extra money asked by Johnson would give the FCC 40 additional hearing examiners with the necessary assistants.

Rosel H. Hyde, the new FCC chairman, told the Senate Commerce Committee yesterday it would take the 12 examiners now employed at least five years to clean up the 600 pending cases.

Since the FCC lifted a four-year freeze on TV applications last year, Johnson said, about 1,025 applications have been filed.

Not all of these involve contests — that is, there may be only one applicant in a city. But, the senator said, "not one final decision

of a TV application has been issued in which a competitive hearing has been held."

If all the pending applications are acted on by next year, it would "create billions of dollars in business," he said.

Johnson said it was not sensible to refuse the \$1,600,000 on the steel pipeline.

grounds of economy. "It will not cost the government any more to hear these cases next year," he wrote, than to string them out over five years.

Kalgoorlie, Australian gold town, Johnson said it was not sensible to refuse the \$1,600,000 on the steel pipeline.

Kidney Slow-Down May Bring Restless Nights

When kidney function slows down, many folks complain of nagging backache, headaches, dizziness and loss of pep and energy. Don't suffer restless nights with these discomforts if reduced kidney function is getting you down—due to such common causes as stress and strain, over-exercising or exposure to cold. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from those discomforts—the familiar kidney aches and filters flush out waste. Get Doan's Pills today!

Trotsky. "It has, dead, Marx is dead, Trotsky is dead, and—"

"And Lenin? Is he bent?"

"He's dead, too, dear. So is Stalin. Now there was a character, honey. Stalin started as a poor boy, studied for the priesthood and became a real revolutionary figure, controlled the lives of more people through fear than anybody in history."

"I'm glad he's dead. What did he die of?"

"The doctors said it was a stroke."

"Well, it probably came from his father's side. I feel sorry for his mother. I hear he had three wives besides all that Communist rubbish."

"I don't know. He's kind of like his successor—Malenkov, a mys-

terious fellow. Smith of Wisconsin and Vorse of Illinois, all Republicans; Cooper of Tennessee, Mills of Arkansas, Green of Pennsylvania and Friedel of Maryland, all Democrats."

Divided on Concession to Chinese

WASHINGTON (AP) — Sen. Cooper (R-Ky.) said today the Eisenhower administration must be prepared to risk adverse public opinion and make limited concessions in exchange for real peace with the Communists in Asia.

Cooper, a member of the Senate Armed Services Committee and former delegate to the United Nations, said the Chinese Reds are likely to "call on us for a lot of things we can't do" in negotiations for a settlement in Korea.

But he insisted in an interview that if the new administration adopts a "straightjacket attitude" and does not yield on some points, there can be little hope for any permanent settlement.

"We cannot escape the fact that some place along the line we will have to make some concessions," Cooper said. "In my opinion that is where hope lies in the new Eisenhower administration."

"The old Truman administration had reached the point where it could make no concession of any kind to the Communists without being charged with appeasement. I hope that if the new administration becomes convinced there is a chance for a real peace it will have the courage — even against adverse public opinion — to do what is necessary to be done."

Cooper and Sen. Mansfield (D Mont.) a foreign relations committee member, said hopes for the kind of unified Korea settlement President Eisenhower has called for had been dimmed by reported failure of the Chinese Communists to return all ill American prisoners.

"I think in any dealings with the

terry."

"Who?"

"Malenkov."

"Who?"

"Malenkov! Malenkov!"

"Don't shout. You mean the fat one?"

"Yes."

"Well, you just tell him from me that anybody as overweight as he is will never get elected again."

"But, dear, he—"

"Don't dear me! Incidentally, where were you last night?"

"I guess I'll have to back-track. I started off by saying that the new feminine interest in international problems gave a fellow a breathing space. 'Tain't so. A wife's foreign policy always begins at home—in terms of her husband."

prisoner exchanges started and brought stories of brutality, starvation and sicker men left behind.

The Communists acted only after military men here and in Korea had called their first figure "incredibly low," a protest that gathered weight from reports of first prisoners returned. The additional men now to be returned

were described as "captured recently," leaving unanswered questions on the condition and whereabouts of hundreds of men captured early in the war.

Captured State and Defense Department officials, growing more apprehensive about the chances for an armistice, kept an official silence as they prepared for the resumption of the long-stalled talks Saturday.

Arkansan Deported by Indiana

LITTLE ROCK (AP)—Can a state legally deport a person to another state? That is the question Atty. Gen. Tom Gentry will have to decide in the case of a pregnant Arkansas widow who was "deported" from Indiana.

State Welfare Director A. J. Moss learned of the case when the woman applied for welfare aid in Lafayette County.

Moss said that it is not that Arkansas objects to granting the aid, but officials never have heard of anyone being "deported" by a state. He said he's going to leave the whole thing up to Gentry.

The story, as the welfare workers learned it, is that the woman left Lafayette County a year ago with her husband to live in Ft. Wayne, Ind. Her husband died recently and she applied to Indiana for welfare assistance.

The woman said welfare workers took the case to an Allen County Justice of the Peace court. The court ordered the woman deported to Lafayette County at Allen County's expense.

Legal Notice

ORDINANCE NO. 708
AN ORDINANCE ESTABLISHING STREET IMPROVEMENT DISTRICT NO. 28.

WHEREAS, parties claiming to be the owners of two-thirds in assessed value of the property located within the territory hereinafter described have filed a petition praying that an improvement district be established for the purpose herein set out.

WHEREAS, after due notice as required by law, the City Council of the City of Hope has heard all parties desiring to be heard, and has ascertained that said petition was signed by two-thirds in assessed value of the owners of real property within said territory:

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Hope:

Section 1. There is hereby established an improvement district embracing the following property: Lots 1 and 11 in Block 1 in Sullivan's Addition to the City of Hope, Arkansas; Lots 6, 7, and 8 in Block 3 in Sullivan's Addition to the City of Hope;

Lots 1 and 2 in Block 1 in Barlow Addition to the City of Hope; Lots 1, 2, 3, and 4 in Block 1 in Bowden Addition to the City of Hope;

Lots 5, 6, 7, 8, 9, 10, 11, 12, and 13 in Block 2 in Galster's Addition to the City of Hope;

Tract 5CB according to the revised and official map of the City of Hope, Arkansas, filed in the Hempstead County Recorder's Office on the 15th day of March, 1949.

for the purpose of paving with bituminous surfacing without curbs and gutters.

Said district shall be known as Street Improvement District No. 28; and O. L. Bowden, William Bader and Jerry Graves are hereby named commissioners, who shall compose the Board of Improvement for said district.

Section 2. This ordinance shall take effect and be in force from and after its passage.

Section 3. Because the public health and welfare of the persons in the district will be improved by the prompt paving of the streets in this district and because it is more economical for the property owners to have this improvement district included in the general paving program of the City of Hope it is hereby declared necessary for the preservation of the public peace, health, safety and welfare and an emergency is declared to exist and this ordinance shall take effect and be in full force from and after its passage.

Passed and approved this 21 day of April, 1953.

The Difference in NATURAL CHILEAN NITRATE makes a DIFFERENCE to you!

One difference between Natural Chilean Nitrate and other nitrogen fertilizers is quality — natural quality. It is the world's only natural source of nitrate nitrogen.

The nitrogen content of Chilean Nitrate is 100% nitrate nitrogen — 100% available — 100% fast-acting — 100% dependable.

No antidote is necessary. Chilean Nitrate is non-acid forming. Rich in sodium and minor elements. Chilean Nitrate is rich in beneficial sodium that makes a stronger, deeper root system — improves crop health, vigor and nutritive value. It also contains small quantities of essential minor elements.

Chilean Nitrate is the ONLY fertilizer that supplies nitrate nitrogen, beneficial sodium and essential minor elements.

Noted for all-round efficiency. Quick-acting 100% nitrate nitrogen makes rapid, sturdy growth. Its 26% sodium content acts like potash when necessary and helps to increase the supply of available phosphorus in the soil.

Chilean Nitrate's free flowing pellets guarantee rapid, even distribution under all conditions. No special precautions needed.

Helps maintain productivity of your land. When used consistently in a sound farming program, Chilean Nitrate builds up fertility, increases efficiency.

Year after year, Natural Chilean Nitrate increases yields — improves quality — defends against disease — fortifies against insect injury — counteracts soil acidity. Use Chilean Nitrate for solid satisfaction!

PRESCOTT NEWS

Victory HD Club Has April Meeting

The Victory Home Demonstration Club met on Friday afternoon at 2:30 in the home of Mrs. Roy Duke with Mrs. Burke Shelton and Mrs. J. C. Woodall assisting. There were twenty-two members and four visitors present.

The meeting was called to order by the president, Mrs. Roy Duke. After singing "America" the minutes were read by the secretary, Mrs. Shelton.

Mrs. D. S. Jordan brought a very inspiring devotion.

Plans were made for the annual Mother's Day luncheon. It will be May 8 at the Methodist Church.

Mrs. Burgess introduced Mrs. Julius Adams and she gave an interesting demonstration on making out of bread and sequins.

The hostesses served a delicious dessert and coffee.

The June meeting will be with Mrs. Nat Wooley with Mrs. Finita Murch and Mrs. Andrew Gordon assisting.

Center HD Club Meets

The Center Home Demonstration Club met Friday at the home of Mrs. Leroy Martin with six members present.

The meeting was called to order by the president, Mrs. Olin Wells. The roll call was answered with, "How I can improve the Mental Health of My Family."

The devotion was led by Mrs. Martin and the Lord's Prayer repeated by the group.

The club made plans to serve lunch April 24 at the Community building for the men on the farm tour.

During the social hour the hostesses served cake and ice cream. The meeting adjourned to meet in May with Mrs. Wells.

Miss Elizabeth Francisco, Miss Mildred Loomis and Mrs. Ray Thompson were present.

Big travelers, be seated!

This is an invitation to you who need and like room when you travel—and are wondering where to get it. This is an invitation to take your ease in a sampling of the 1953 Buick Super Riviera Sedan. Talk about room (and you will!)—here is the roomiest six-passenger sedan made in America. Here you will find headroom, hiproom, legroom and kneeroom so generous—big people beam. The tall, the portly—and the in-between—they can all spread out and stretch out, and really feel unfettered. But the marvel of this Buick roominess is the wondrous ease of handling that goes with it.

The world's newest V8 Engine is one reason—an engine so compact it permits a chassis with short turning radius, wider front tread, easier steering, better balance. Twin-Turbine Dynaflo® with its dazzling new getaway and silky smoothness is another. Power Steering® is still another. And there's an AIRCONDITIONER,† too!

The thing to do, of course, is to visit us and try one of these great Buicks for room, for ride, for power—and for sheer comfort and pleasure. Why not make it soon?

†Standard on Roadmaster, optional at extra cost on other Series. ‡Optional at extra cost in Super and Roadmaster Sedan and Riviera models.
